

Birdsong by Bicycle: An Epic Journey from the Atlantic to the Pacific

In 2018, British adventurer and author Ben Lerwill embarked on an extraordinary journey: to cycle across the United States, from the Atlantic to the Pacific, following the migration of birds.

Lerwill's journey took him through some of the most beautiful and diverse landscapes in America, from the rolling hills of the East Coast to the rugged mountains of the West. He encountered a wide range of people and wildlife along the way, and his experiences are recounted in his book, *Birdsong by Bicycle*.

Birdsong by Bicycle is more than just a travelogue. It is a meditation on the beauty of the natural world, the importance of conservation, and the power of human endurance. Lerwill's writing is lyrical and evocative, and his descriptions of the birds he encounters are both scientifically accurate and deeply moving.

Lerwill's journey is also a timely reminder of the importance of protecting our planet. The birds he follows are facing a number of threats, including habitat loss, pollution, and climate change. By following their migration, Lerwill hopes to raise awareness of these threats and inspire people to take action.

Birdsong by Bicycle is an inspiring and beautifully-written book that will appeal to a wide range of readers. It is a must-read for anyone who loves birds, nature, or adventure.
