

Fintech Policy Tool Kit for Regulators and Policy Makers in Asia and the Pacific

The rapid advancement of financial technology (fintech) has revolutionized the financial services industry, creating both opportunities and challenges for regulators and policymakers around the world. In Asia and the Pacific, the fintech landscape is particularly dynamic, with a growing number of startups and established financial institutions embracing new technologies to offer innovative financial products and services.

To keep pace with this rapidly evolving landscape, regulators and policymakers need to be equipped with the knowledge and tools to effectively assess and manage the risks associated with fintech, while also fostering innovation and promoting financial inclusion. The Fintech Policy Tool Kit for Regulators and Policy Makers in Asia and the Pacific is designed to provide this essential support.

What is the Fintech Policy Tool Kit?

The Fintech Policy Tool Kit is a comprehensive resource that provides regulators and policymakers with the following:

Fintech Policy Tool Kit For Regulators and Policy Makers in Asia and the Pacific by Asian Development Bank
