Play Me Backwards: A Gripping Psychological Thriller That Will Haunt Your Thoughts

Prepare to embark on a captivating journey through the labyrinthine depths of the human mind in Adam Selzer's enthralling novel, "Play Me Backwards." This psychological thriller weaves a complex tapestry of suspense, secrets, and shattered identities that will leave you questioning the very fabric of reality.

The story revolves around Dr. Emily Price, a brilliant psychiatrist struggling with her own demons. As she delves into the case of a disturbed patient, Peter, she finds herself drawn into a world of secrets that threaten to unravel her sanity. Peter claims to have lost his memory, but as Emily peels back the layers, she uncovers a fragmented and twisted past that casts an ominous shadow over the present.

As the narrative unfolds, Emily becomes entangled in a web of deceit and danger. She must confront her own fears and delve into the recesses of her own mind to unravel the truth. Along the way, she encounters a cast of intriguing characters, each with their own motives and secrets. The line between reality and illusion blurs, leaving Emily questioning the very nature of her existence.
